## **What is your motto in life and how do you apply it?**

My motto is to live for today like tomorrow doesn't exist. I choose to do what I love and focus on giving my all.

## **What is your biggest source of inspiration in life and why?**

Everyone close to me thought that I wouldn't make it and told me that I would not pass my Grade 12. I used this as motivation to prove them and everyone else wrong. When people don't believe in me this inspires me, to be even greater.

## **What is your source of hope in life?**

To wake up and be connected to my purpose. Every day is a new opportunity to change and grow. It is an opportunity to be better and do better. It is believing in the possibilities out there.
